I bought lunch yesterday, and Platypus was present. I can't afford bus fare.

And I do not scam LJ. They're the Russians now. Their mobsters make our mobsters look like Nickelodeon execs.

I were looking for a culprit, I might point out that we have been effectively diverted from a previous line of investigation--

It sometimes happens that things slip by me. Rarely. But sometimes.

In our line of work, this could be really frightening.

But if this is the Thing's work, I have to say, way to get on my good side!

(Wait, if the Thing is into pain and suffering, maybe it thinks we'll spend too much time on LJ and lose our jobs and get hemorrhoids...)

Or possibly the agony of *overthinking this*.
